**What is the National Agricultural Education Policy**

- The Indian Prime Minister, Narendra Modi, had announced the introduction of agricultural education at middle school level in the National Education Policy 2020 (NEP). This National Agricultural Education Policy has been implemented as an effect of the same.
- It is the first of its kind project in India and aims at bringing academic banks and degree programs with entry-exit alternatives to Universities focussed on crop sciences, fisheries, veterinary and dairy preparation research.
- With the entry-exit options available, the National Agricultural Education Policy opens up the opportunity for students to continue with their diploma and advanced diploma as and when they are able to resume their studies and earn themselves a full-time college degree.
